Contents

No. 1 FEBRUARY 1966

Page

Ischaemic colitis ADRIAN MARSTON, MURRAY T. PHEILS, M. LEA THOMAS, and B. C. MORSON 1
Early course of ulcerative colitis J. MCK. WATTS, F. T. DE DOMBAL, G. WATKINSON, and J. C. GOLIGHER 16
Auto-immune reactions in ulcerative colitis RALPH WRIGHT and S. C. TRUELOVE 32
Some observations on the response of normal human sigmoid colon to drugs *in vitro* P. G. WRIGHT and J. J. SHEPHERD 41
Effect of secretin and cholecystokinin-pancreozymin extracts on gastric motility in man L. P. JOHNSON, J. C. BROWN, and D. F. MAGEE 52
Inhibition of histamine-stimulated gastric secretion by acid in the duodenum in man D. JOHNSTON and H. L. DUTHIE 58
Proteolytic activity in the human stomach during digestion and its correlation with the augmented histamine test S. J. RUNE 69
Two cases of acute torsion of the gall bladder MONORANJAN DUARI 73
Cirrhosis and hepatoma in alcoholics FRANK I. LEE 77
Histochemical study on the Paneth cell in the rat E. O. RIECKEN and A. G. E. PEARSE 86
Role of the azygos venous system in the investigation of portal hypertension M. JOHN MURRAY 94
Intrinsic factor secretion in gastric atrophy S. ARDEMAN and I. CHANARIN 99
The British Society of Gastroenterology 102

No. 2 APRIL 1966

Page

Electron-microscope evidence for intramicrovillous fat absorption by the small intestinal epithelium of rats MARGOT SHINER 107
Fat absorption in pancreatic deficiency in rats J. MASAREI and W. J. SIMMONDS 114
Lack of gamma A-immunoglobulin in serum of patients with steatorrhoea P. A. CRABBÉ and J. F. HEREMANS 119
Appearances of the jejunal mucosa in acute tropical sprue in Singapore N. W. J. ENGLAND and W. O'BRIEN 128
Lymphoreticular dysfunction in idiopathic steatorrhoea C. F. MCCARTHY, I. D. FRASER, K. T. EVANS, and A. E. READ 140
Changes in the villous pattern of the human jejunum associated with heavy radiation damage GEORGE WIERNIK 149
Primary malabsorption following extreme attempts to lose weight FRED E. PITTMAN 154
Use of polyethylene glycol and phenol red as unabsorbed indicators for intestinal absorption studies in man HAROLD P. SCHEDL 159
Percutaneous cholangiography in the management of biliary stricture J. G. WALKER, W. B. YOUNG, PHYLLIS GEORGE, and SHEILA SHERLOCK 164
Injection studies of the splenic vasculature in portal hypertension FEDERICO MANENTI and ROGER WILLIAMS 175
Corticosteroids and corticotrophin in the treatment of Crohn's disease J. HOWEL JONES and J. E. LENNARD-JONES 181
Incidence and coincidence of hiatus hernia RONALD B. PRIDIE 188
Internal anal sphincterotomy as an out-patient operation H. R. MAGEE and H. R. THOMPSON 190
Adenomyoma in the pylorus I. JANOTA and P. G. SMITH 194
Propanthelene as an agent for medical vagotomy R. G. CHECKETTS, I. E. GILLESPIE, and A. W. KAY 200
Methods and techniques
Biopsy of the peritoneum M. POLAK 203

No. 3 JUNE 1966

Page

Aflatoxin K. R. REES 205
Motor responses of human gastrointestinal tract to 5-hydroxytryptamine *in vivo* and *in vitro* J. J. MISIEWICZ, SHEILA L. WALLER, and MARTIN EISNER 208
Gastric intrinsic factor secretion after partial gastrectomy S. ARDEMAN and I. CHANARIN 217
Alkaline areas in gastric mucosa after gastric surgery W. M. CAPPER, T. J. BUTLER, and K. G. BUCKLER 220
Effect of aspirin on explanted gastric mucosa FREDERICK O. STEPHENS, GERALD W. MILTON, and JOHN LOEWENTHAL 223
Chronic gastritis and gastric ulcer IAN R. MACKAY and I. G. HISLOP 228
The gastric mucosa in anaemia in Punjabis BETTY COWAN, SAMUEL JOSEPH, and V. K. SATIJA
Part I *In iron-deficiency anaemia* 234
Part II *In megaloblastic anaemia* 238
Massive growth of yeasts in resected stomach IVAR BORG, FRANK HEIJKENSKJÖLD, BIRGITTA NILÉHN, and LENNART WEHLIN 244
Effect of colchicine on intestinal function in the rat R. J. LEVIN 250
Granulomatous ileocolitis RICHARD H. MARSHAK, ARTHUR E. LINDNER, and HENRY D. JANOWITZ 258

Electron microscope appearances of juvenile and Peutz-Jeghers polyps R. O. WELLER and I. MCCOLL 265
Studies *in vivo* of the ileocaeco-colic sphincter in the cat and dog R. J. JARRETT and J. C. GAZET 271
Exocrine and endocrine pancreatic function in diabetes mellitus and chronic pancreatitis N. PETERS, A. P. DICK, C. N. HALES, D. H. ORRELL, and MARTIN SARNER 277
Study of peroral colonic and peritoneal absorption in normal and pathological conditions using a dye M. SEDKY ABDOU, EMAD SALEM, GAMALAT MEGAHED, and M. DANASOURY 282
Amoebic liver abscess draining into the bile ducts R. L. VIANA 285
Sigmoidoscopy and cytology in the detection of microscopic disease of the rectal mucosa in ulcerative colitis J. MCK. WATTS, H. THOMPSON, and J. C. GOLIGHER 288
Methods and techniques
Colonic biopsy instrument 295
European Pancreatic Club 298
Gastroenterological Society of Australia 303

No. 4 AUGUST 1966

Page
A pharmacological study of the motility of the human gastrointestinal tract ALAN BENNETT and BRIAN WHITNEY 307
A histochemical study on the role of lysosomal enzymes in idiopathic steatorrhoea before and during a gluten-free diet E. O. RIECKEN, J. S. STEWART, C. C. BOOTH, and A. G. E. PEARSE 317
Cell loss from human gastric mucosa measured by the estimation of deoxyribonucleic acid (DNA) in gastric washings D. N. CROFT, D. J. POLLOCK, and N. F. COGHILL 333
Comparison of the rates of gastric acid secretion in man after ingestion of food and after maximal stimulation with histamine S. J. RUNE 344
Gastric studies in Sjögren's syndrome W. W. BUCHANAN, ALAN G. COX, RONALD MCG. HARDEN, A. I. M. GLEN, J. R. ANDERSON, and K. G. GRAY 351
Persistence of mucosal abnormality in ulcerative colitis A. P. DICK, L. P. HOLT, and E. R. DALTON 355
Nature of the mucosal changes associated with malignant neoplasms in the small intestine F. D. LEE 361
Studies of jejunal mucosal digestion of peptictryptic digests of wheat protein in coeliac disease FRED E. PITTMAN and RODNEY J. POLLITT 368
Crohn's disease in Norway 1956-63 E. GJONE, O. M. ORNING, and J. MYREN 372
Diffuse gastrointestinal polyposis with ectodermal changes O. MANOUSOS and C. U. WEBSTER 375
Study of the excretion in bile and concentration in the gall bladder wall of rifamide G. ACOCELLA, F. LAMARINA, L. T. TENCONI, and F. B. NICOLIS 380
Gas in gall stones: A rare radiological sign in the acute abdomen H. R. C. HAY 387
Active and passive opening of the cardia and its relation to the pathogenesis of hiatus hernia H. DAINTREE JOHNSON 392
Oesophageal changes in systemic sclerosis MICHAEL ATKINSON and M. D. SUMMERLING 402
Studies *in vivo* of the effect of unconjugated bilirubin on hepatic phosphorylation and respiration STEVEN SCHENKER, DAVID W. MCCANDLESS, and EVA WITTGENSTEIN 409
Estimation of serum pepsinogen VERA ILIC and G. H. SPRAY 415
Methods and techniques
Gas-distension double-contrast duodenography using the Scott-Harden gastroduodenal tube SILVANO RAIA and LOUIS KREEL 420

No. 5 OCTOBER 1966

Page
Cancer in ulcerative colitis B. C. MORSON 425
Risk of malignant change in ulcerative colitis J. M. HINTON 427
Liver in ulcerative colitis: Obstructive jaundice due to bile duct carcinoma J. G. RANKIN, A. P. SKYRING, and S. J. M. GOULSTON 433
Ulcerative post-dysenteric colitis S. J. POWELL and A. J. WILMOT 438
Massive necrosis of the colon due to amoebiasis D. M. ESSENHIGH and R. L. CARTER 444
Experience in the treatment of Crohn's disease of the large intestine J. HOWEL JONES, J. E. LENNARD-JONES, and H. E. LOCKHART-MUMMERY 448
Diffuse reticulum cell sarcoma of the gastrointestinal tract: A problem in diagnosis K. W. HEATON, J. S. CORNES, and A. E. READ 453
Clinical, histochemical, and electron microscopic study of colonic histiocytosis FRED E. PITTMAN, W. THOMAS SMITH, ABRAHAM MIZRAHI, WILLIAM A. BLANC, and JOAN C. PITTMAN 458
Comparison of the effect of meals and prostigmine on the proximal and distal colon in patients with and without diarrhoea J. J. MISIEWICZ, A. M. CONNELL, and F. A. PONTES 468
Acid secretary response to graded doses of histamine after 'medical vagotomy' S. RAJU and F. M. NARIELVALA 474
Tuberculosis of the terminal ileum J. WINTER and M. GOLDMAN 478
Small intestine peroral biopsy in coeliac children WILFRID SHELDON and EDWARD TEMPANY 481
A household epidemic of tropical sprue V. I. MATHAN, M. IGNATIUS, and S. J. BAKER 490

Ammonia in the upper gastrointestinal tract of man: Quantitations and relationships W. H. J. SUMMERSKILL, TOSHIO AOYAGI, and WILLIAM B. EVANS ... 497
*p*H of the contents of the duodenal bulb in relation to duodenal ulcer J. RHODES, H. T. APSIMON, and J. H. LAWRIE 502
Acidity at different sites in the proximal duodenum of normal subjects and patients with duodenal ulcer J. RHODES and C. J. PRESTWICH ... 509
Mechanics of gastroduodenal emptying J. RHODES, P. GOODALL, and H. T. APSIMON ... 515
Relation between pressure and volume in hollow viscera ANTHONY HOPKINS ... 521
Influence of the ABO blood group and salivary ABH secretor status on the cell-removing effect of aspirin on human gastric mucosa LEON HORWICH and DAVID A. PRICE EVANS ... 525
Iron absorption in normal and d, l-ethionine-treated rats before and after the administration of pancreatin B. BROZOVIĆ, O. POPOVIĆ, D. OBRADOVIĆ, and SMILJA PENDIĆ ... 531
Observations on the temperature causing mucosal damage in the dog during gastric freezing J. E. LENNARD-JONES, T. SMITH, G. FARRER-BROWN, and R. D. PEDUZZI ... 535
Gastric cancer in Wales DAVID J. B. ASHLEY and H. DUNCAN DAVIES ... 542
Plasma and salivary thiocyanate in gastric cancer M. J. S. LANGMAN, RICHARD DOLL, and JOHN WILSON ... 549
Pneumatosis cystoides intestinalis D. T. D. HUGHES, K. C. D. GORDON, J. C. SWANN, and G. L. BOLT ... 553
Caecal *p*H and ammonia in experimental uraemia E. BOURKE, M. D. MILNE, and G. S. STOKES ... 558
Effect of quinidine on electrical and motor activity of canine small bowel J. MARSHALL GARRETT, JERRY F. SCHLEGEL, and CHARLES F. CODE ... 562
Methods and techniques
Simplified technique of immuno-electrophoretic assay of human intrinsic factor on acrylamide gel K. D. BARDHAN, S. T. CALLENDER, and G. H. SPRAY ... 566

No. 6 DECEMBER 1956

Page
Coeliac thoughts BRIAN CREAMER ... 569
Carcinoma, villous atrophy, and steatorrhoea A. BRZECHWA-AJDUKIEWICZ, C. F. MCCARTHY, W. AUSTAD, J. CORNES, W. J. HARRISON, and A. E. A. READ ... 572
Vitamin E levels after gastric surgery P. J. LEONARD, M. S. LOSOWSKY, and C. N. PULVERTAFT ... 578
Intestinal colic caused by food FREDERICK O. STEPHENS ... 581
Calculous disease of the vermiform appendix G. B. FORBES and R. W. LLOYD-DAVIES ... 583
Kinetic studies of the epithelial cells of the rectal mucosa in normal subjects and patients with ulcerative colitis ROY G. SHORTER, ROBERT J. SPENCER, and GEORGE A. HALLENBECK ... 593
Urinary gonadotrophin excretion in patients with ulcerative colitis and Crohn's disease treated with A. C. T. H. and corticosteroids G. P. CREAN, J. A. LORAINE, E. T. BELL, W. I. CARD, and W. SIRCUS ... 597
Emergency surgery in ulcerative colitis T. A. BOXALL ... 606
Effects of oestrogens and progestogens on gastric secretion in patients with duodenal ulcer S. P. PARBHOO and I. D. A. JOHNSTON ... 612
Gastric acid secretion in Indians with particular reference to the ratio of basal to maximal acid output R. K. GOYAL, P. S. GUPTA, and H. K. CHUTTANI ... 619
Histochemical study of the effect of enzyme inhibitors on gastric secretion G. L. STOFFELS, W. GEPTS, and J. J. DESNEUX ... 624
Gastrointestinal urease in man
Part I *Activity of mucosal urease* TOSHIO AOYAGI, GEORGE W. ENGSTROM, WILLIAM B. EVANS, and WILLIAM H. J. SUMMERSKILL ... 631
Part II *Urea hydrolysis and ammonia absorption in upper and lower gut lumen and the effect of neomycin* WILLIAM B. EVANS, TOSHIO AOYAGI, and WILLIAM H. J. SUMMERSKILL ... 635
Tetracycline fluorescence and cytological procedures compared for the delection of malignancy L. T. SANDLOW and H. NECHELES with the technical assistance of H. LEVERETTE ... 640
An electron microscopic study of the epithelium of normal human sigmoid colonic mucosa FRED E. PITTMAN and JOAN C. PITTMAN ... 644
Pathology of an East African megacolon G. M. BÖHM and BARBARA SMITH ... 662
Recurrent gastric carcinoma treated by the Geiger probe technique D. J. MARTIN ... 666
Bowel muscle in diverticular disease W. W. SLACK ... 668
Clinical and radiological study of vagotomy and gastric drainage in the treatment of pyloric stenosis due to duodenal ulceration HAROLD ELLIS, F. STORER, C. VENABLES, and C. WARE ... 671
Late results of antrectomy and vagotomy ALAN C. B. DEAN, HAROLD C. EDWARDS, and A. I. MUNRO ... 677
ABO blood groups in gastric bleeding L. HORWICH, D. A. P. EVANS, R. B. MCCONNELL, and W. T. A. DONOHOE ... 680
Action of aldosterone upon the intestinal transport of potassium, sodium and water R. SHIELDS, ADELE T. MULHOLLAND, and R. G. ELMSLIE ... 686
Blocking by spironolactone (S C 9420) of the action of aldosterone upon the intestinal transport of potassium, sodium, and water R. G. ELMSLIE, ADELE T. MULHOLLAND, and R. SHIELDS ... 697
Radiotelemetering studies of jejunal *p*H before and after vagotomy and gastro-enterostomy W. C. WATSON, J. K. WATT, E. PATON, A. GLEN, and G. J. T. LEWIS ... 700
International symposium on bile pigments ... 706
The British Society of Gastroenterology ... 708

Index to Volume VII

A.C.T.H., urinary gonadotrophin excretion in patients with ulcerative colitis and Crohn's disease treated with, **597**

ABDELJLIL, A. B.: Adaptation of the enzymes of exocrine pancreas in response to alimentary and hormonal stimuli, **298**

ABDOU, M. S., SALEM, E., MEGAHED, G., and DANASOURY, M.: Study of peroral colonic and peritoneal absorption in normal and pathological conditions using a dye, **282**

Adsorption, intestinal, studies, use of polyethylene glycol and phenol red as unabsorbed indicators for, **159**

—, peroral, colonic and peritoneal, in normal and pathological conditions using a dye, **282**

Acetylsalicylic acid, cell-removing effect on gastric mucosa, influence of ABO blood group and salivary ABH secretor status on, **525**

— —, effect on explanted gastric mucosa, **223**

ACOCELLA, G. LAMARINA, F., TENCONI, L. T., and NICOLIS, F. B.: Study of the excretion in bile and concentration in the gall bladder wall of rifamide, **380**

Acrylamide gel, immuno-electrophoretic assay of human intrinsic factor on, **566**

Adenomyoma in pylorus, **194**

Aflatoxin, **205**

Aldosterone, action upon the intestinal transport of potassium, sodium and water, blocking of, by spironolactone, **697**

—, effect on intestinal transport of potassium, sodium and water, **686**

ALI, M.: Bile pigment transport, **707**

Alkaline phosphatase, serum, raised, after partial gastrectomy, **103**

Ammonia absorption in upper and lower gut lumen and effect of neomycin, **535**

—, caecal, in experimental uraemia, **558**

— in upper gastrointestinal tract, **497**

—, ^{15}N, metabolism in normal subjects and patients with liver disease, **713**

Amoebic liver abscess draining into bile ducts, **285**

Amoebiasis, massive necrosis of colon due to, **444**

Amylase activity, comparison of methods, **299**

— isoenzymes, **299**

Anaemia and hiatus hernia, **714**

—, iron-deficiency, gastric mucosa in, in Punjabis, **234**

—, megaloblastic, gastric mucosa in, in Punjabis, **238**

ANDERSON, J. R. *See* BUCHANAN, W. W., COX, A. G., HARDEN, R.MCG., GLEN, A. I. M., ANDERSON, J. R., and GRAY, K. G.

Antrectomy, late results of, **677**
